Supply Chain Management Student | Global Sourcing, Supplier Risk, Inventory & Operations Analytics

EDUCATION

Arizona State University, BS, Supply Chain Management
Graduation May 2029
Involvements – Alpha Kappa Psi, Supply Chain Management Association, DISC, Business Ambassadors

EXPERIENCE

MSWIPE Technologies Pvt. Ltd. - Supply Chain Intern *Mumbai, India | May 2026 – July 2026*
- Mapped procurement, inward, reverse logistics, QC, ERP/WMS, inventory, and dispatch workflows for MPOS device operations.
- Analyzed PRs, POs, invoices, packing lists, ERP updates, stock transfers, and reverse inward documentation flows.
- Built process notes covering SKU tracking, vendor comparison, audits, allocation, RMA/reverse logistics, and warehouse exceptions.

Therapy Partners of North Texas - Rehabilitation Specialist Assistant *Frisco, TX | July 2024 - August 2025*
- Assisted therapists with patient recovery exercises, supporting 200+ patients weekly across rehabilitation sessions.
- Monitored patient progress and communicated updates to improve recovery outcomes and care consistency.
- Maintained organized, hands-on support in a fast-paced care environment requiring accuracy and patient trust.

Cidercade - Marketing Campaign Lead *Irving, TX | Sept 2023 - Feb 2024*
- Designed marketing campaigns that increased foot traffic by 35% and sales by 28% through audience research and promotion strategy.
- Conducted market research to identify target demographics and refine messaging for local customer segments.
- Collaborated with team members to produce creative materials and drive customer engagement across campaigns.

RELEVANT PROJECTS

Sourcing Command - Global Sourcing Predictor Dashboard
- Built deployed sourcing dashboard to score suppliers, products, and regions across cost, lead time, geopolitical exposure, and compliance risk.
- Created interactive workflow for supplier comparison, risk prediction, scenario testing, and sourcing decision support.
- Designed professional UI with top-to-bottom sections, clean visuals, and dashboard logic for recruiter-facing portfolio use.

Global Sourcing AI Microchip Supplier Risk Model
- Built supplier comparison model evaluating Taiwan, South Korea, and U.S. sourcing options across geopolitical risk, lead time, trade cost, capacity, supplier criticality, and substitution difficulty.
- Created weighted scorecard to compare semiconductor supplier options and support sourcing recommendations.
- Applied semiconductor packaging knowledge to connect component sourcing decisions with supply chain risk exposure.

EV Assembly Logistics Readiness Dashboard
- Modeled 100+ component EV BOM across assembly stages, suppliers, inventory levels, shortages, and kitting readiness.
- Built shortage, line-stopper, and kit-readiness logic to flag missing units, on-hold kits, and production risk.
- Designed dashboard views to translate inventory gaps into assembly readiness and operational action items.

LEADERSHIP

Recovery Through Strength - Co-Founder *Frisco, TX | Jan 2023 - July 2025*
- Organized fitness rehab events for 40+ elderly participants focused on mobility, confidence, and recovery support.
- Grew engagement by 25% through outreach, partnerships, and consistent community messaging.
- Managed event promotion through photography, posters, social media campaigns, and local volunteer coordination.

CERTIFICATIONS & Skills

Certifications: Introduction to Semiconductor Packaging - Arizona State University (2026); Supply Chain Logistics - Rutgers University (2025); Google Digital Marketing & E-Commerce Professional Certificate (2025)

Supply Chain: Excel Supplier Risk Scoring, BOM Analysis, Inventory Tracking, Kitting Readiness, Shortage Tracking, Procurement Documentation, RFQ/PO/Invoice Review, ERP/WMS Exposure, Reverse Logistics, Semiconductor Packaging

Business: Vendor Comparison, Cost Modeling, Logistics Coordination, Market Research, Stakeholder Communication

Tools: Tableau, Microsoft 365, Google Suite, Generative AI
